

# What does membership in the Athletic Boosters mean?

To your student athlete's sports team?  
To Encinal High School?  
To your Family?

The membership fees paid to EHS Athletic Boosters will help support all athletic programs. Of the \$75 membership per sport per athlete you pay, \$60 is directly donated back to the individual sports team to help them with their fundraising efforts. Any team achieving 100% paid membership will earn a BONUS of \$20 per paid member.

In the past the Athletic Boosters have added scoreboards, built and maintained a permanent snack bar at the multi-sport field, purchased and maintained a fleet of vans for the sports teams' transportation, paid for sport's officiating, supplemental disseminated maintenance budgets to repair and improve fields, courts, grounds and sponsor the annual sports' banquet and athletic scholarships. As an effort to provide and equitable distribution of Booster funds, EHSAB will be donating a substantial portion of the WACC dues for all teams.

Your student athlete(s) and your family become members in the EHS Athletic Boosters community. Together we **must** work to raise money to continue building upon our sports' programs and the needed facilities, equipment and fundamentals. As a member, you and your student will be called upon to help raise funds, make decisions about where and how the funds are equitably spent, and to bring your "can do" volunteerism to Encinal High sports' programs.

For question and volunteer opportunities please attend the Boosters' meetings:

**The 2nd Monday** of each month, **6:30pm** at **1400 B&G** on Webster  
or contact us at [admin@encinalboosters.org](mailto:admin@encinalboosters.org)

or Lani Molina and Kevin Gorham, Co-Athletic Directors at the Encinal High School administrative offices.

**Thank you very much for your support of all our students at Encinal High School!**
